Performance Report Management Overview

Important Information

1. The Fire Adapted Community Accomplishments Reporting Module, or **Community ARM is designed to enable Community-level Grantees to enter their own accomplishments** into annual Performance Reports
2. All **Grant Administrators will need a GARP Account**. Community-level Grantees will NOT get accounts
3. **You MUST SHARE ACCESS with each of your Grantees each January or they will not be able to submit their reports**
4. As a Grant Administrator, **your primary responsibilities** are to:
 - ✓ **Share Access** with each of your CWDG Grant Contacts
 - ✓ **Review Performance Reports** submitted by Grantees
 - ✓ **Approve Performance Reports**, and Request Changes from the Grantee when needed
 - ✓ **Download PPR** documentation (Performance Progress Reports)
5. Use the recommended **Google Chrome or Microsoft Edge** browsers for the Community ARM

General Performance Reporting Workflow

This diagram shows the general workflow for reporting, with blue boxes indicating Grant Administrator tasks, and the green boxes indicating Community-Level Grantee tasks. Not included is the step to download PPR documents once reports are Approved.

Getting Started

Sign Up for an Account

Go to <https://garphub.org/grant-reporting/accomplishment-reporting-modules/> to create an account, if you don't already have one. Account approval may take one to two business days.

- Cross Program ARM
- Fire Adapted Communities ARM
- Landscape Resiliency ARM
- Local Fire Response ARM
- ARM Release Schedule

Accomplishment Reporting Modules

This Portal is the gateway to several 'Accomplishments Reporting Modules' or ARMs. The ARMs enable State, Private and Tribal organizations to share details of the key accomplishments funded by grants from the USDA Forest Service (USFS). Each ARM supports one of the three core goals of the National Cohesive Wildland Fire Management Strategy (NCS) and supports tracking the implementation of the strategy through these collaborative federal, state and local investments. To learn more, please refer to the descriptions below. Stay informed about each module by subscribing to updates here.

Get Started

[Sign Up](#)

Invitations to sign up for accounts will be made via GARP News as modules are released. Be sure to [subscribe](#) to stay informed.

The Fire Adapted Communities Accomplishments Reporting Module (Community ARM) can be accessed here: <https://hub.garphub.org/cwdg/>. Click “SIGN IN” and use approved account credentials.

FIRE ADAPTED COMMUNITIES ACCOMPLISHMENTS REPORTING MODULE

HOME REPORTING GUIDANCE SUPPORT **SIGN IN** v1.0.2.225

Welcome to the Fire Adapted Communities Accomplishments Reporting Module!

A module within the [Grant Accomplishment Reporting Portal](#) tracking how state, tribal, and other partners are investing federal grant funds to meet the objectives of protecting homes, communities, and other values at risk from wildland fire.

Our Mission

Our mission is to demonstrate the nationwide impact of federal, state, tribal, and local investments in on-the-ground actions that implement the National Cohesive Wildland Fire Management Strategy.

Through partnerships and innovative data aggregation, we quantify the powerful cumulative progress toward achieving the goals of landscape fire-resiliency, community fire-adaptation, and effective local fire response.

Email: grantee.contact@mycommunity.org

Project Overview and Purpose: The Chicken Ranch Rancheria of Me-Wuk Indians of California is located in Tuolumne County and experiences high winds, low rainfall, and extreme summertime air temperatures, which, when combined and in conjunction with its remote location, represents optimal conditions for wildfires. Droughts, wildfires, landslides and flooding have occurred within or near Tribal lands in recent years. The impact of these disasters further heightens the wildfire hazard potential. To protect and better prepare for future wildfire threats, the Tribe will enact the mitigation strategies from their 2021 FEMA-approved Hazard

Share Access with Community Grantee

Select “**Share Grant Link**” then select the “**Send**” button. This will open a new email in your configured email client. **IMPORTANT: If your work email is NOT configured** to open an email via your browser, you can use the copy icons to copy, then paste the content into an email using your usual work email client.

The screenshot displays the 'FIRE ADAPTED COMMUNITIES ACCOMPLISHMENTS REPORTING MODULE' interface. The top navigation bar includes 'HOME', 'REPORTING', 'REPORTING GUIDANCE', 'PPR', 'SUPPORT', and 'R5 RegionalGrantManager'. The main content area is titled 'Chicken Ranch Fuel Mitigation' and 'Grant Profile'. A sidebar on the left lists 'Actions' including 'Add Performance Report', 'Update Reporting Contact', 'Update Edit Window', and 'Share Grant Link' (highlighted with a red box). The 'Share Grant Link' action is linked to a modal dialog box titled 'Would You Like To Send This Email?'. The dialog contains instructions on how to use the 'Send' button, which will automatically open an email with pre-filled details. The details include: Reporting Contact Name: LeeAnn Hatton; Reporting Contact Email: tgmat506@gmail.com; Email Subject: CWDG Grant Reporting; and a 'Show Email Body' toggle. The dialog also features 'Cancel' and 'Send' buttons. In the background, the 'Grant Profile' details are visible, showing a 'Total Award' of \$157,780 and a 'Total Spent (Match)' of \$0.00. A blue callout box in the bottom right corner reads: 'Need more help? Consult the CWDG Grant Administrator's User Guide'.

Share Access Email

If your browser is configured with your work email, a window similar to this will automatically appear with details pre-filled and ready for you to click “**Send**”.

Need more help?
Consult the
**CWDG Grant
Administrator's
User Guide**

Share Access from Reporting Page

Another way to share access is to click “**Share**” for a Grant from the Reporting page, and it will open the email client. **Note:** This only works if your browser is configured to use your work email client; if no email automatically opens or if it is configured with your personal email client, do not use this feature.

Viewing & Managing Performance Reports

Checking for Submitted Performance Reports

During the CWDG Annual reporting season, which is January to March for Interims and through April for Final reports, you should **periodically check the Reporting page for “Submitted” and “Resubmitted” reports.** **Tip:** Type “submit” into the search bar to quickly view the grants with Performance Reports in these statuses. **Note:** The Reporting Year filter will default to this year. You can toggle back, as needed, to see earlier years’ reporting.

Reporting

Request Changes for Performance Report

With a Performance Report selected, you can select “**Request Changes**” if you need to ask the Grantee for updates to be submitted. The Request Changes feature will prompt you to update the “**Edit Window Close Date**” in case the Grantee needs more time to get their updates submitted. When you select “**Request Changes**”, an email will open with content pre-loaded but that **requires you to type in the changes you are asking for**. **Note:** Use copy icons if your browser is not configured for email.

The screenshot displays the '2024 Performance Report' interface for the 'Briceland Volunteer Fire Department Fire Hazard Reduction Project'. The 'Request Changes' button is highlighted with a red box. A modal dialog titled 'Request Change to Report' is open, containing the following text and fields:

Please review the edit window close date below. If needed, extend the date to a reasonable deadline to ensure the grantee has time to resubmit.

When you click the 'Request Changes' button, your email will be opened and pre-filled with the reporting contact address. You **MUST DESCRIBE THE CHANGE(S)** you need from them in the email before sending.

***Edit Window Close Date**

Downloading PPRs (Performance Progress Reports)

Performance Progress Reports (PPRs)

All signed in users can navigate to the “PPR” page and see a list of Federal Awards they are authorized to view. The PPRs are Word documents that include aggregated quantitative and narrative accomplishments for a reporting year associated to a Federal Award. **Note:** For Fully Opt-in States, this may mean that two or more CWDG grants are aggregated into a single PPR.

Only when all Performance Reports for the grants associated to the Federal Award have a status of “Approved” will the PPR get a status of “Ready” and show the “Download PPR” link. When “Download PPR” is selected, the document will be generated and downloaded to your local downloads folder.
