🚀 LAUNCHED!! NEW GARP Accomplishments Reporting Modules 🚀

The GARP Team is excited to announce that, starting today, GARP becomes **the official NASF accomplishments reporting platform** for USFS Cooperative Fire grants funding the implementation of the National Cohesive Wildland Fire Management Strategy. The adoption of GARP by States as an accomplishments data repository is a ground-breaking initiative that will help NASF and the USFS quantify and communicate the collective investment being made nationwide.
Learn more about NASF reporting requirements for GARP here.

Which grants are supported?
Accomplishments reporting is for Cooperative Fire grants including these State Fire and Volunteer Fire Programs:

- Volunteer Fire Capacity
- IIJA Volunteer Fire Assistance
- State Fire Capacity – Core
- IIJA State Fire Assistance
- NEMW Wildfire Risk Reduction Grants
- Southern Mitigation Grants
- Western Wildland Urban Interface Grants
- Joint Chiefs Landscape Restoration Grants

Learn more here about grant reporting deadlines and which grants are reported in which modules.

Who is this for?
State Forestry Staff who report accomplishments for Coop Fire Grants above are invited to request a GARP account with the **Grant Manager** role in appropriate modules, as authorized by your agency. If you already have a GARP account, the GARP Team has already added your new roles based on information provided by your State Forester or Fire Program Manager. If you think you need access as a Grant Manager and are only seeing 'Viewer' access, please contact GARP Support and COPY your Fire Program Manager so we can expedite the authorization. NASF, State Forestry and USFS staff may also request access with the 'Viewer' role to explore or get insights into reported accomplishments. Learn more about what Grant Managers can do in each GARP module here. **Need an account?** Sign up here.

Ready to Get Started? We've got you covered.

Training Resources
Please check out our library of videos and user guides that show you how to use the new and expanded modules.

NEW **Local Fire Response ARM** for VFD assistance accomplishments data
NEW **Landscape Resiliency ARM** for hazardous fuels treatments accomplishments data
EXPANDED **Fire Adapted Communities ARM** for community assistance accomplishments data
EXPANDED **Cross Program ARM** for performance reports and federal-award PPRs

Office Hours
The GARP Team will offer module specific Q&A sessions, so you can drop-in with any questions you might have. Check out dates and times on our **Events** page. The first Office Hours will be June 5, where you can ask questions about accounts and ARM access.

Help Desk
Please reach out if you have any questions. You can contact us at **support@garphub.org** if you need assistance with accounts, modules, or any other need for assistance.
